

November 2020 NOARK NEWS

NOARK November 2020 President's Newsletter:

Holidays! Wait! What? Yes, we've experienced a year that is seemingly equivalent to dogs' years (at least seven), but just like that, here we are at the holiday season.

I hope you plan to join us on November 12, 2020, at 11:30 a.m. for our Ask A Millennial Panel Discussion. NOARK board members Morgan Scholz, Monica Soare, and Judith Tavano will be presenting information from our recent COVID-19 Workplace Impact Survey along with an elite group of millennials who will discuss the state of affairs in the workplace.

In another five years, it has been projected that 75% of the global workforce will be millennials. I am so looking forward to these experts bringing their experiences to the table to assist us in increased understanding and engagement from their unique perspective.

Thanksgiving is my favorite holiday, and it is the perfect opportunity to tell you how much you are appreciated. We are so proud of your continued resilience, and so thankful to work with you. I wish you continued patience in trying times and most of all safety and peace.

By 2025, a projected 75% of the global workforce will be comprised of millennials. But what are the values, motivations, and trends that this generation brings to the workforce? Are the stereotypes true, and what are they based on? What are the best ways to engage, inspire, and lead millennial employees? In November's monthly meeting, hear the results of NOARK's COVID-19 Regional Workforce Impact Survey compared to national trends, and then hear from a panel of millennial HR professionals about how to understand and engage with this growing workforce population!
